

Teaching and Learning Innovation Expo 2022 Poster Award

Every year the poster award recognises the best efforts in teaching and learning in higher education, research, poster designs and presentations at the annual Teaching and Learning Innovation Expo.

The judging panel will decide on the following types of awards:

- (i) Educational Technology Innovation: projects that best illustrate innovative use of technology for teaching and learning
- (ii) Pedagogical Innovation: projects that best illustrate the use of innovative pedagogy, involving technology or not
- (iii) Educational Impact: projects that are able to show evidence of the most impact on teaching and learning

Members of the Poster Award Judging Panel

Dr Fridolin S.T. TING

CoP Leader, CoP on “The Innovation and the Future of STEM Education”, Hong Kong Teaching Excellence Alliance (HKTEA)
